## **New York Seeks Your Input on First-Ever Comprehensive Survey of Older Adults**

As an older adult, how would you rate the overall quality of life in your community? Nobody knows their community better than you do.

The Allegany County Office for the Aging seeks your feedback. We are partnering with the New York State Office for the Aging (NYSOFA) on NYSOFA's [Community Assessment Survey for Older Adults](#). New York is counting on older adults to provide feedback on age-friendly policies and programs.

If you are 60+, please take NYSOFA's survey today. Your feedback will directly influence decisions to support the health, independence, and opportunities of older adults.

Under the direction of Governor Kathy Hochul, New York is developing a comprehensive [Master Plan for Aging](#). The Master Plan for Aging is designed to ensure that older adults and individuals of all ages can live healthy, fulfilling lives while aging with dignity and independence. The community assessment survey results will also provide further information to support the goals of the Master Plan for Aging.

The survey is anonymous and only takes 10-15 minutes of your time. The survey will close on March 30, 2023, so don't wait, take it today, and have your voice heard!

Please take the survey at <https://polco.us/ny23op> or you can go to [www.aging.ny.gov](http://www.aging.ny.gov).
